Keriema,

Can I let you know Monday morning? I just found out the folks who make those types of decisions are out of the office this afternoon.

Thanks, Danielle

Good afternoon Danielle

Jennifer Wendel (who is the National Priorities List Coordinator for our region) is requesting permission to share the draft Public Health Consultation with her contractors who are working on the Responses to the Comments to NPL Proposal. Do you think this is an issue? The response to comments should not come out before the Public Health Consultation is finalized. If you have questions, please contact Jennifer Wendel at 404-562-8799.

Thanks,

Could you ask if I could share the draft with our contractor that is working on response to comments? It might be useful for responding to some comments and we are in drafting stage now. We will not finalize until final report is released....
